

Newsletter – January 2021

This month I would like to share some interesting facts on the benefits of the organic creams available on our online store.

All our creams and ointments are prepared from 100% pure South African, natural and organic plant-based ingredients.

- ***Aloe Ferox*** - Aloe ferox gel has the unique ability to transport moisture, nourishment, soothing and healing qualities to below the epidermis to hydrate dry skin. The anti-bacterial and anti-fungal properties make it a beauty and first-aid treatment all in one.
- ***Moringa*** - has many nutrients healthy for your skin including vitamin A, which builds collagen – the vital component that your skin is made of. It has vitamin C that helps to fight the signs of ageing. Furthermore, moringa has vitamin E that has anti-inflammatory properties.
- ***CBD*** - is a fantastic ingredient for keeping skin hydrated and healthy, it offers some serious antioxidant and anti-inflammatory benefits which can be beneficial in treating your skin.
- ***Honey and Propolis*** has anti-inflammatory, antifungal and immune modulatory properties, as well as antibacterial.

Propolis Balm Product

Apply to open wounds, leg vein ulcers, boils, acne, burns or any other skin irritations.

Propolis and its extracts have numerous applications in treating various diseases due to its antiseptic, anti-inflammatory, antioxidant, antibacterial, antimycotic, antifungal, antiulcer, anticancer, and immunomodulatory properties.

Moringa Herbal Balm

This herbal balm contains Moringa extract and is ideal for aches, pains and sore muscles due to its natural anti-inflammatory properties. It is a 100% natural product.

This 50 ml Moringa balm contains: • Menthol • Cinnamon Leaf Oil • Eucalyptus Oil • Caryophyllum Oil • Peppermint Oil • Terebinth Oil • Salvia Libanotica • Moringa Oil • Benzyl Alcohol • Beeswax • Cocoabutter • Sheabutter • Coconut Oil

CBD & Peppermint Pain Relief Balm

The combination of Peppermint and CBD oil makes this balm a potent remedy for aches and pains. Best for pain, arthritis, neuropathy, sore muscles & headaches. Apply and massage into temples for headaches or as needed for joint and muscle pain. CBD has natural anti-anxiety, analgesic and anti-inflammatory properties. Peppermint is cooling and pain-relieving and helpful for easing headaches and sore muscles.

Balm Can Be Used For The Following: Arthritis, Muscular pain, Migraines, Headaches, Stomach Cramps, Inflammation, ANY PAIN.

Nataloe Intense Moisturising Serum

As skin matures, it begins to lose firmness. Collagen and elastin production slows down. Our new Intense Moisturising Serum has formulated an effective treatment to help improve the appearance of fine lines and wrinkles and restore firmness around the mouth and eyes. The highly effective aloe ferox gel is proven to rev up skin's metabolism. It "reawakens" skin's ability to regulate healthy collagen production and elastin repair- All skin types.

SUPERFOODS

Last month we shared a Moringa powder Smoothie recipe, this month we are introducing you to Moringa Tea.

The leaves of the Moringa plant have always been known to have extremely positive health benefits. Moringa tea is an excellent natural energy drink without the bad effects of caffeinated products. The vitamins present are perfect for clearing the mind and boosting energy.

Drinking Moringa tea on a regular basis is known to increase energy and manage weight loss and diet. It detoxes and nourishes the immune system, too. Rich in the antioxidants, vitamins and minerals that are vital for the body to survive, Moringa tea helps to improve the immune system, by fighting off free radicals deemed as a threat to the body

Moringa Tea Variety Pack R280.00
